## AUDITOR'S REPORT.

This is to certify that I have examined the records and accounts of the officers of the Town of Winterport for the year ending February 18, 1922 and find them correct, with proper vouchers for all accounts paid.

Charles M. Conant,  
Winterport, Maine, March 8, 1922. Auditor

---

# School Report

---

To the citizens of the Town of Winterport:—

We respectfully present the following report of the schools for the year ending Feb. 1922.

We have had the same number of schools in operation as last year, namely:—nine elementary schools each employing one teacher, and one high school employing two teachers.

This seems to be the most economical and most satisfactory arrangement for reaching all the children.

The work of the schools has not been disturbed very much except by a few dilatory children, and this trouble is due, mainly, either to the want of interest on the part of the parents, or to their want of knowledge of what should be required of a child after he has been enrolled in school. It is very trying to all who have the schools in charge, to have a child enter school and then be absent, a day or two, every week or two. It is a crime in the eyes of the law, as well as against the child, for a parent to allow such conditions of attendance. Because of his absence, not only the child suffers an injury but his whole class suffers as well. On his return to school the lessons must necessarily be repeated for his benefit thus retarding the advancement of the class and increasing the cost of education.

Non-attendance produces an economic loss to the town which, by careful study, has been quite accurately determined. It is estimated that if every child attend school every day that it be possible for him to do so, he will be able to do as much work in twelve years as he now does in thirteen. In our own town from the data given in the teachers' registers for the school year ending July 1921, we find that for all of the scholars in all of the schools, in town, the per cent of attendance was 86; hence 14% of non-attendance. At this rate in seven and one seventh years we sustain an economic loss amounting to the cost of one year of school.

We submit this data in order that the people may fully realize the enormity of the loss sustained by allowing children to remain away from school the occasional day.

By the new law for apportioning State school funds, a part

is apportioned on number of days in attendance of all children enrolled. By this method of apportionment every day that any child does not attend school takes from the amount of money which the town should receive from the state. This brings the responsibility of school attendance into close touch with the citizens' pocket-book.

#### SCHOOL CHILDREN.

There are in Winterport 327 children from five to 21 years of age. 167 boys and 160 girls. Of these 234 are enrolled in the schools 118 boys and 116 girls. The elementary school year ending July, 1921, was 170 days in length, and the following named scholars were present every day. John Birmingham, 5 years old, Thomas Birmingham, 7 years old, Rosa Homer, 10 years old and Helen Clements, 9 years old. The children of the elementary schools who lost 20 days or more of the 170 days are Warren Porter, Russell Porter, Clayton Porter Earl Porter, Harlan Perkins, Myrtle Clark, Nellie Clark, Milton Clark, Lillian Shanks, Irene Edmonds, Clara Knowles, Edna Woodman, Alfred Sawyer, Edwin Hopkins, Merle Young Kenneth Young, Everett Young, Edward Locke, Pauline Locke Paul Crockett, Wilbur Colson, Albert White, Roderick Clark, Sherman Clark, Raymond Wellman, Roland Wellman, Silas Emerson, Dale Dyer, Eugene Marden, Juanita Fields, Thola Littlefield, Clifton Crooker, Harold Crooker, Grace Knowles.

Thirty-five scholars each lost 10 3-7%, and in many cases more of their school. In a large majority of these cases this loss was unnecessary. Of the High School students those who lost 20 days or more are Donald Lang, Hazel Morgan, Margaret Morgan and Minerva Wilson. They lost 11 1-9% of their school. Those who did not lose a day are Mary A Ellingwood, Mabel Hopkins, John Parker, and Randall Young. That parents can content themselves by saying "Oh well, if they do lose a day now and then they can make it up", is the part we who have to do with schools ascribe to the "inconsistency of man". An Act, (Chapter 173, P. L. 1921,) repealed the law by which the School Mill Fund and Common School Fund were distributed to towns, also the law whereby high schools received approximately \$500 each.

The new provision provides for elementary schools and high

schools from one fund. Aid from the State is out of one fund and distributed on the basis of approximately 38% on school census, 31% on number of teachers employed, 20% on aggregate attendance. The balance is used for tuition reimbursement, and for equalizing school expenses among the towns.

The first appointment of the new school fund will be made in December 1922, on the basis of the census for April 1, 1922, and teaching positions and attendance for the year ending July 1, 1922.

#### Comparison—

The part of the tax dollar used for school purposes is 38.83%.

The part of the tax dollar used for teachers' wages is 26.86%

The part of the school dollar used for teachers' wages is 69.17%.

### CONVEYANCE

Mr. Albert Twining conveys the children to the Whittier school; Mr. Frank Hall, Mr. L. H. White, and Mr. Maurice Clark convey to the Martin school; Mr. F. E. Dunton conveys the children on the river road to the village school; and Mr. John Fields conveys the children from Boyd's Corner to the Fisher school. The average weekly cost is \$9 $\frac{1}{6}$ .

### FUEL.

Fuel has been purchased by the committee. About four cords of wood to a stove are required if good wood is furnished. If white birch or soft wood is provided, more is necessary.

### REPAIRS.

At the Martin School quite extensive repairs have been made. The committee purchased a piece of land to enlarge the lot, moved the buildings across the road, and remodeled them according to approved plans. The work was not completed owing to the illness of Mr. Woodman who had it in charge.

In the hall and stairway of the High School building a new steel ceiling and new paint were added. A new stove has been installed in the recitation room. Mr. Neally took the old stove in exchange. Only minor repairs have been made in the other schools. Either the Fisher or the Lowell school should be remodeled next year as all schools must be remodeled with the beginning of schools in Sept. 1924, and

all have been remodeled except these two.

#### JANITORS.

The janitors work has been attended to at the upper village schools by Mr. G. S. Danielson, and at the lower village schools by Mr. Clayton Grant. The teachers have had charge of the janitor work in the outside schools. They have carefully looked after the buildings and other school property.

#### BOOKS.

New Geographies have been bought, also new Civics, and new books on solid geometry. Only such other books as were needed to replace worn out ones have been bought.

#### MUSIC.

Music has been continued in the schools during the year when traveling and other conditions would permit. The music teachers report appears elsewhere.

#### HEALTH.

Those who come most closely in touch with the questions of health realize as no others can the great necessity for more careful watchfulness of the conditions surrounding child life and the physical condition of every child. Dr. Smith has most generously given of his services to examine all of the elementary school children, visiting the several schools for that purpose. For further information we refer you to Dr. Smith's report.

#### PHYSICAL EDUCATION.

The State law requires that health work and systematic physical education shall be carried on in the schools of the state. Every teacher has been instructed to make special effort that no opportunity be passed unnoticed when some valuable lesson for better health and physical fitness could be taught. It will be a great step in advancement when the towns shall employ a physical director.

#### EQUALIZATION FUND.

Equalization funds are payable only to such towns as have a rate in excess of the state. Since Winterport's tax rate is below the average no equalization fund will be received this year.

#### FINANCIAL NEEDS.

We recommend that the town raise and appropriate for school purposes as follows:

---

---

For Elementary Schools.....	\$4,500 00
“ High School.....	1,700 00
“ Text Books.....	400 00
“ Repairs .....	1,000 00
“ Insurance, Apparatus, etc.....	200 00

In conclusion we wish to express our appreciation of the good will, and kind co-operation, of the citizens in general.

W. S. Littlefield (1922)

## REPORT OF THE HIGH SCHOOL PRINCIPAL

To the Officers and Citizens of the Town of Winterport.

The following report of the high school for the year 1921-22 is respectfully submitted:

Fifty-five students were registered this year of which fifty-one are now attending, and are classified as follows:

	Boys.	Girls.	Totals.
Senior	1	6	7
Junior	5	8	13
Sophomore	5	8	13
Freshman	9	9	18
	<hr/>	<hr/>	<hr/>
Total	20	31	51

A tabulation by courses shows the following classification:

	College Preparatory.	General.
Senior	2	5
Junior	1	12
Sophomore	9	4
Freshman	11	7
	<hr/>	<hr/>
Total	23	28

The number of students this year shows an increase of six over the number last year, and of eight over the year 1919-20

The registration shows students attending from the following towns:

Winterport	47
Monroe	3
Bucksport	1
	<hr/>

51

I believe that the attendance of students from adjacent towns should be encouraged, as the additional expense of teaching a dozen more students amounts to very little, with the exception of text books. On the other hand, the increased tuition of \$60 per student for those who reside in other towns, provides a substantial increase in the school funds.

The efficiency of the school has been greatly increased this year by the election of Mr. W. H. Lord as Sub-Master. He is a very able and thorough teacher and a hard worker for the

success of the school. I have nothing but words of praise for his work, and his influence for good among the students.

Other factors for increased efficiency, are the addition of a course in solid geometry for fourth year students, and the introduction of a modern and up-to-date text book in civics. Both these improvements were recommended as desirable in my last year's report.

Extensive additions have been made to the chemical laboratory both in equipment and supplies, leaving nothing to be desired along this line. We are now caring for a class of twenty in laboratory chemistry.

The ceilings have been repaired and a steel ceiling placed in the hall. The hall, stairway and recitation room have been painted. A new stove has been purchased for the recitation room and halyards rigged on the flagpole, the latter job being done by the boys of the school. All these improvements have well cared for by the students which should be a matter of pride to the parents and citizens.

A number of new books have been added to the library, among which are a twenty volume set of "The World's Greatest Authors" presented by Mrs. Margaret A. Niles.

Recommendations for the coming year include the reorganization of the physics course, which will necessitate the purchase of new and additional equipment, and an increase in the reference library. Both of these recommendations can be easily taken care of by the state appropriation for the purpose.

I would further ask that the townspeople consider some means by which the athletic activities of the school can be improved and a field provided for baseball as the field now in use is not available this spring. Athletics in moderation are essential to the well being and contentment of the students and I believe that a little help along this line by the citizens would be a good investment.

In closing, I wish to thank the superintendent of schools, the school committee and all other officers and citizens who have contributed to the success of the school.

Respectfully submitted,

H. P. Andrews, Principal.

Winterport, Feb. 20, 1922.

## REPORT OF THE SUPERVISOR OF MUSIC.

Members of the School Committee and Citizens of Winterport:

I herewith submit my report of the past year's work in the public school music.

The year just passed has been one of very marked progress, and in which gratifying results have been achieved. The results have been shown in several ways. In one, by the greater ability the majority of the pupils display in reading and singing songs and exercises at sight; by their increased mental power and more certain knowledge of the study of music in theory and practice. Another way is in the greater skill in using their voices, the pronounced improvement in quality of voices, and in their ability to render songs of no small degree of difficulty in a way to delight the ears of the listeners, and to furnish the truest enjoyment.

### BOOKS PURCHASED.

In April of last year copies of Junior Laurel Songs for use in the Grammar and Intermediate schools were purchased. While it was a matter of necessity to purchase song-books, yet we feel gratified to have secured a collection of such melodious, worthwhile songs.

For the High School we selected the School Song Book, a book of songs of high school grade, and in every way a superb collection. These books have been intensely enjoyed. Copies of the First Music Reader of the (Ginn & Co.) New Educational Course have also been in use in the grade schools.

### THE FESTIVAL AT CAMDEN.

Last May for the first time Winterport High School was able to send sixteen singers to the annual Music Festival of the High Schools of Knox and Waldo counties. This was held in Camden May 27th, and was an event long to be remembered.

We worked on the music to be sung for weeks in advance, and the festival furnished an added stimulus for the study of music during the last weeks of school.

### PUPILS IN PUBLIC PERFORMANCE.

The citizens have had opportunity to hear the pupils sing on a number of occasions. Grammar and Intermediate pupils furnished their own music for the very fine graduation of the Grammar school last June. At the Educational Rally

in November, special honors for singing went to the High School, which was present in full numbers and which delighted all by its splendid rendering of songs. Shortly afterward in December a Community Sing was held by the High School in the Methodist Episcopal Vestry, when again splendid music was enjoyed.

A Christmas program was rendered by the Grammar school in its own room at the close of the school in December and should be considered one of the musical achievements of the year. On the night of Washington's Birthday in the past month the pupils of the grade schools gave a most enjoyable program in the M. E. Vestry. Never did the singing of the grades show to better advantage.

#### VISITS TO THE SCHOOLS.

The same order of things as for the year preceding has been carried on by the supervisor, one visit to each room being made during the week. Visits were made to the rural schools in the spring, and in the fall as long as weather conditions permitted. In the fall term greater progress was made in the rural schools than ever before. The results in these schools vary according to the ability of the grade teachers to carry on the work.

#### BOOKS NEEDED.

The number of song books is still very inadequate to our needs. The Junior Laurel Songs have to be transferred as needed to Grammar and Intermediate room, there not being enough for both. This means more wear and tear to say nothing of inconvenience. We should have enough books for both schools to use at the same time. It is imperative to have these books bought also for the upper grades in rural schools.

As many more copies of the School Song Books are needed in the High School. Now sometimes three pupils have to share one book. It is due to the keenness and foresight of the teachers in seating the pupils during the music period that the books we have are utilized to the best advantage.

#### IN CLOSING.

I could not close this report without a word of tribute to my co-workers, the teachers in grades and high school. Their co-operation, enthusiasm, loyalty and ability have made these gratifying achievements possible.

Respectfully submitted,

Jessie D. Baker, Supervisor of Music.

## REPORT OF PHYSICAL EXAMINATION OF ELEMENTARY SCHOOLS.

Members of the Superintending School Committee and  
Citizens of Winterport:--

I herewith submit to you a report of the physical examination of the pupils of the elementary schools.

Possibly there are half a dozen pupils who were not examined due to the fact that they were absent on the days on which the examinations were made.

Especially do I wish to call the attention of the parents to those children whose teeth and tonsils are in a diseased condition. Diseased teeth and tonsils are always sources for systemic infection, and are the forerunners of St. Vitus dance, rheumatism, heart disease and middle ear troubles.

It is the desire of the School Committee and myself to have these diseased conditions remedied and thereby favor the mental development and conserve the health of the children.

It is hoped that, during the coming year, motion pictures and talks may be given to the school children and the public on the cause and prevention of some of the infectious diseases. These affairs to be run as educational features.

The teachers and parents have given valuable assistance by co-operating with me, and they will realize more and more the importance of medical work in the schools.

Respectfully submitted

L. H. Smith, M. D.

# Town Warrant

---

## State of Maine

WALDO, S.S.

To Fred A. Merry, a Constable in the town of Winterport, in said County, Greeting:

In the name of the State of Maine you are hereby required to notify and warn the inhabitants of said town of Winterport, qualified by law to vote in Town affairs, to assemble in Union Hall, in said Town on Monday, March 20th 1922 at 10 o'clock A. M., to act on the following articles, to wit:

Art. 1. To choose a Moderator to preside at said meeting.

Art. 2. To choose a Clerk for the ensuing year.

Art. 3. To choose three or more Selectmen.

Art. 4. To choose a Town Treasurer.

Art. 5. To see what sums of money the Town will vote to raise for the support of Common Schools, for Free High School, for the repairs of Schoolhouses, for School Supplies and for Free Text Books.

Art. 6. To see if the Town will vote "yes" or "no" on the question of appropriating and raising money necessary to entitle the Town to State aid as provided in Section 20 of Chapter 130 of the Public Laws of 1913.

Art. 7. To see if the Town will appropriat and raise the sum of \$533.00 for the improvement of the Section of State Aid Road, as outlined in the report of the State Highway Commissioner in addition to the amount regularly raised for the care of ways, Highways and Bridges; the above amount being the maximum which the Town is allowed to raise under the provisions of Section 9 and 18 of the Public Laws of 1913.

Art. 8. To see whether the Town will vote to raise money, and what sums, for the maintenance of State and State Aid Highway during the year, within the limits of the Town, under the provision of Section 9 and 18 of the Public Laws of 1913.

Art. 9. To see what sums of money the Town will vote to raise for the repair of Highways and Bridges and for clearing the snow from roads during the coming winter. Also to see if the town will vote to rebuild the Coles Corner Bridge.

---

---

Art. 10. To see what sums of money the Town will vote to raise for the support of Poor, Salaries of officers, for abatement of Taxes, for Hydrant Rental and other Miscellaneous Town charges.

Art. 11. To see what sums of money the Town will vote to raise for Memorial Purposes, Free Library, Winding Town Clock and Lighting Streets.

Art. 12. To choose one or more Road Commissioners also to fix the compensation of said Commissioner and wages to be paid to men and teams employed on the Highways.

Art. 13. To fix the rate of discount, if any, for the prompt payment of Taxes and the time when such discount shall cease; to fix the time when the Taxes due the Town shall become collectable and payable, to determine whether interest shall be charged on Taxes remaining unpaid after that date and the rate of such interest, to see if the Town will vote to instruct its Collector of Taxes for the ensuing year to collect all such taxes within the limit made by State Laws for the collection of taxes and instruct the Municipal Officers to require the collector to give a bond for his faithful compliance with the vote under this article.

Art. 14. To fix the compensation of the Collector of Taxes for the ensuing year.

Art. 15. To choose a Collector of Taxes.

Art. 16. To choose three or more Assessors of Taxes.

Art. 17. To choose three or more Overseers of the Poor.

Art. 18. To choose one or more Members of the Superintending School Committee.

Art. 19. To choose a Town Agent.

Art. 20. To choose an Auditor of Accounts.

Art. 21. To choose one or more Constables.

Art. 22. To choose one or more Fire Wardens.

Art. 23. To choose a Fire Inspector.

Art. 24. To choose one or more Fence Viewers.

Art. 25. To choose one or more Measurers of Wood, Bark and Lumber, Shingles, Clapboards, Hoops and Staves.

---

---

Art. 26. To choose one or more Sealers of Leather and Sealer of Weights and Measures.

Art. 27. To see if the Town will vote to accept the list of Jurors as read.

Art. 28. To see if the Town will vote to sell the Winterport Town Farm, and at what price, and who shall have the power to sell.

Art. 29. To see if the Town will vote to raise the sum of \$200 to be used in providing proper equipment for maintaining athletics in the High School.

Art. 30 To see if the Town will vote to authorize the Selectmen and Treasurer to borrow during municipal year in anticipation of, and to be paid out of the Taxes of the municipal year 1922 not exceeding \$3000 if it be needed to pay School Bills, and to execute and deliver the negotiable promisory note or notes of the Town therefor.

Art. 31. To see if the Town will vote to authorize the superintendending school committee to appoint a School Physician, and to provide proper facilities for the performance of his duties.

Art. 32. To see if the Town will vote to raise the sum of \$100 to pay services of School Physician.

Art. 33. To see if the Town will vote to accept, as a public road, Cushing Street so called, extending from Main Street to the Lebanon Road in Winterport Village. This road to be two rods in width.

Art. 34. To see if the Town will vote to purchase an Elevator, Screen and Bins for loading gravel.

Chas. C. Moody } Selectmen  
Willis J. Carleton } of  
Llewellyn Clark } Winterport
